

POTPOURRI

This slide presentation contains a variety of photos taken by our classmates after graduation

Joe and HRH 14 June 1984

Joe Aitchison
accompanies His Royal
Highness during a
colours presentation to
2 RCR.

HRH The Prince Philip,
Duke of Edinburgh, is
the Colonel-in-Chief of
the RCR.

The Royal Canadian
Regiment was granted
the designation "Royal"
by HM Queen Victoria,
and continues to wear
her cipher "VRI" on its
cap badge and buttons.

Royal Roads Colours

Presentation of the Queen's Colour at RRMC in 1971. The Commandant was Capt (N) Peers. The Colours were presented by His Excellency the Lt Governor of BC (Nicholson)

Photo provided by Tony Davis, Staff Officer Cadets & Military Training at the time.

BFC ST. JEAN 1981/82

Our paths cross in interesting places. This photo, taken at a mess dinner in St. Jean, includes Sky King (Base Commander Trenton), and Tony Davis (CO of Management Development School, St. Jean).

HRH PRINCE ANDREW JOINS VP INTERNATIONAL

VP International, founded by members of the RCAF in 1960, is an association of Allied Airmen who specialized in anti-submarine warfare.

Here you see HRH Prince Andrew being inducted into VPI by its then president, Tony Davis, with BGen Pickering present.

Intense conversation?

Ted King & Mike Siska

Also present: Dan Wragg (RCAF ret'd)

NAME THE SKIERS

It is critical that a few ex-cadets are out on the ski hills from time to time to help boost the humours of those who must labour in more difficult terrain.

The next slide demonstrates that an intrepid team of snow explorers were able once again to disprove rumours of missing ex-cadets.

Scott Clements and Dennis Apedaile of Class of 63, accompanied by their mascot, Mike Newson from the Class of 70, finally found Chuck Leishman, AKA abominable Snowman, carving a turn under the avalanche slopes at Fernie, BC.

The big guy, Chuck, is a certified snowboard and alpine ski teacher and is also a certified alpine race coach. (*Chuck's also Class of 63*)

He took the visitors in hand, helped them through their morning race and showed them the mountain in great style.

Race irregularities make it moot to report results, but it seems that Clements, for the first time, topped the group list.

Hint: extract from e-Veritas, 2009

Name the Skiers

Left to Right:

1) Scott

2) Chuck

3) Mike

4) Dennis

Ideas?

Do you have a photo of a major event that happened after graduation that you wish to display for the information of our classmates?

Or perhaps you'd like to post a current photo so that we can recognize you when we gather together again?

If you do, send a photo with the text you'd like to accompany it.

USCG Commendation

Ted King received a Commendation from the United States Coast Guard for his work which enabled the rescue of two boaters in June 2005.

The boaters were enroute from the Bahamas to Florida when they capsized in the Gulf Stream just as the first hurricane of the season hit the area.

Presentation was made in Suitland, Maryland where Ted had been working with Science Systems and Applications Incorporated.
